

## Family Information – Pyhtilä

The INFO about Pyhtilä Family is collected by volunteers,  
so it is extremely important to all the family members give all possible info!

### Info needed:

All possible information about known (and especially unknown) family members is important. So don't hesitate to send us even the smallest piece of info!

- Person's first and last name(s), maiden name – possibly wrongly spelled names in archives (*Phytilla* being one of them!?)
  - Date and place of birth (we do not collect social security or ID-numbers!)
  - Date and place of marriage
  - Date and place of death
  - same information about mothers and fathers, grandmothers and grandfathers\*
  - same information about wives, husbands, significant others
  - same information about all known children
- \* if You have found Your ancestors in the “Pyhtilä Family File”, please mark the connection!

### Info about the places of birth, marriage, living and death:

The place (of birth etc.) is the known location where the Person has been registered as a citizen at the time of the event. The actual name of that time, for example *Pattijoki*, can be used, but the name of the present area (here *Raahe*) is important for further investigations.

It is also important to let us know about the different places the Person has lived during her/his life.

### Significant others:

The significant others are especially important in cases where the spouses have/had children – short time relationships without children can be kept outside the “Pyhtilä Family Files” if so wanted.

### Sending the information:

You can use one of the next possibilities:

- sending a (scanned or photocopied) copy of official documents for testament or estate inventory proceedings or registry office
- sending the included form either electronically or by mail to the Secretary of the Pyhtilä Family Committee (a copy .
- by calling to the Secretary of the Pyhtilä Family Committee:
